Associate Member’s Request

Fill in the dates of the time period for which you have listed work. Verify that the dates of the time period on the application correspond to the dates of the assignments shown on the *List of Assignments*. List ALL work performed during this time period. Work must include the most recent, so it is appropriate to start your list with current work and list assignments going back in time.

Associate Member’s Certification

Please make sure you go over this section *carefully*, and check each section/box off as it is confirmed. Sign and date the application. Be sure to keep a copy of your application and *List of Assignments* for your records. Sign and date your application.

Note: Review your list and check for “gaps.” “Gaps” are periods of inactivity of three (3) months or more where one report ends and another begins. These periods of inactivity may be explained by a host of reasons, which may include vacation time, pursuit of other economic endeavors, or performing reports that do not meet the definition of Residential Experience. You must submit a letter explaining all “gaps”.

Payment Information

Please make sure you have completed the payment information section on your application.
